INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Wilson County Emergency Services
District No. 1 Fire & Rescue
Wilson County, Texas

We have audited the accompanying financial statements of the governmental activities and major fund of Wilson County Emergency Services District No. 1 Fire & Rescue (the "District"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Commissioners
Wilson County Emergency Services
District No. 1 Fire & Rescue

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the District as of September 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund, the Schedule of Changes in Net Pension Asset and Related Ratios, and the Schedule of District Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2020**

Management’s discussion and analysis of Wilson County Emergency Services District No. 1 Fire & Rescue’s (the “District”) financial performance provides an overview of the District’s financial activities for the fiscal year ended September 30, 2020.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) fund financial statements and government-wide financial statements and (2) notes to the financial statements. The fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Fund Balance Sheet and (2) the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District’s annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District’s overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes the District’s assets, liabilities, and, if applicable, deferred inflows and outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District’s net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has one governmental fund type. The General Fund accounts for resources not accounted for in another fund, property tax revenues, costs of assessing and collecting taxes and service operations expenditures.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Fund Balance Sheet to the Statement of Net Position, and the Reconciliation of the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities by \$2,554,440 as of September 30, 2020. A portion of the District's net position reflects its net investment in capital assets (i.e. land, buildings, vehicles and equipment, less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide for firefighting and emergency services. The following is a comparative analysis of government-wide changes in net position:

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2020**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUND

The District's General Fund fund balance as of September 30, 2020, was \$774,087, an increase of \$226,077 from the prior year. This was primarily due to note proceeds, property tax, sales tax and grant revenues, exceeding service operations and capital outlay costs.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Commissioners amended the budget during the current fiscal year to more accurately reflect anticipated revenues and expenditures. Actual revenues were \$477,934 more than budgeted, primarily due to not budgeting for grant revenues. Actual expenditures were \$996,730 more than budgeted, primarily due to capital and note expenditures being higher than anticipated in the current fiscal year. Note proceeds of \$706,382 were not budgeted.

CAPITAL ASSETS

The District's capital assets as of September 30, 2020, total \$2,687,666 (net of accumulated depreciation) and include land, buildings, vehicles and equipment. Capital asset activity during the current fiscal year included the purchase of communications equipment, a pierce velocity truck, and a command unit vehicle.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2020	2019	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 63,230	\$ 63,230	\$
Capital Assets, Net of Accumulated Depreciation:			
Buildings and Improvements	1,511,924	1,558,882	(46,958)
Equipment and Vehicles	1,112,512	602,259	510,253
Total Net Capital Assets	\$ 2,687,666	\$ 2,224,371	\$ 463,295

LONG-TERM DEBT ACTIVITY

At year-end, the District had total debt payable of \$938,932. The changes in the debt position of the District during the fiscal year ended September 30, 2020, are summarized as follows:

Note Payable, October 1, 2019	\$ 605,672
Add: Note Proceeds - 2019 Pierce Truck	706,382
Less: Principal Retired	(373,122)
Note Payable, September 30, 2020	\$ 938,932

FIRE & RESCUE
RECONCILIATION OF THE GOVERNMENTAL FUND STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2020**

Net Change in Fund Balance - Governmental Fund	\$	226,077
 Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.		(3,345)
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.		396
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.		(278,757)
Governmental funds report the proceeds from the sale of assets. However, the Statement of Activities, gains or losses from the sales of assets are applied to the proceeds from the sale of assets.		(31,535)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.		773,587
Governmental funds report note proceeds as other financing sources. Issued notes increase long-term liabilities in the Statement of Net Position.		(706,382)
Governmental funds report debt principal payments as expenditures. However, in the Statement of Net Position, principal payments are reported as decreases in long-term liabilities.		373,122
The changes in deferred outflows and inflows of resources for pensions are recorded as pension expense in the government-wide financial statements.		8,397
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.		(5,752)
Change in Net Position - Governmental Activities	<u>\$</u>	<u>355,808</u>

The accompanying notes to the financial statements are an integral part of this report.

THIS PAGE INTENTIONALLY LEFT BLANK

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 1. CREATION OF DISTRICT

Wilson County Emergency Services District No. 1 Fire & Rescue, located in Wilson County, Texas (the “District”), operates under Chapter 775 of the Health and Safety Code. The District was created on November 12, 2008. The District was established to provide operating funds for the contracting of fire prevention within the boundaries of the District. The District provides fire suppression and extinguishment services within the boundaries of the District.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”).

The District is a political subdivision of the State of Texas governed by an appointed board. The GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balance.

Governmental Fund

The District has one governmental fund and considers it to be a major fund.

General Fund - To account for resources not required to be accounted for in another fund, property tax revenues, costs for assessing and collecting taxes and general expenditures.

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectible within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Capital Assets

Capital assets are defined as land, buildings, building improvements, firefighting apparatus, non-firefighting vehicles, communication equipment and all firefighting equipment. Items purchased by the District with an initial or individual cost greater than \$5,000 and an estimated useful life in excess of two years should be capitalized upon the books of the District. All items costing less than \$5,000 should be direct expensed and categorized in a general asset category.

In the case of donations, the District shall value these capital assets at the estimated fair market value of the item at the date of its donation. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	50
Building Improvements	20
Firefighting Apparatus	12
Non-Firefighting Vehicles	5
Furniture	5
Office Equipment	5
Computer Equipment	3

FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Commissioners. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was amended. The Budget Comparison Schedule – General Fund – presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

Pensions

Payments are made into the social security system for all employees. The Internal Revenue Service has determined that fees of office received by Commissioners are considered wages subject to federal income tax withholding for payroll tax purposes only. See Note 10 for the District's pension plan.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally. The District does not have any restricted fund balances.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has adopted a formal policy regarding the assignment of fund balances. The District has assigned \$418,998 of the General Fund fund balance for future emergency and equipment replacements. See Note 14.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. TAX LEVY

During the year ended September 30, 2020, the District levied an ad valorem tax rate of \$0.079 per \$100 of assessed valuation, which resulted in a tax levy of \$1,027,347 on the adjusted taxable valuation of \$1,332,242,987 for the 2019 tax year.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 4. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year-end, the carrying amount of the District's deposits was \$113,717 and the bank balance was \$128,964. The District was not exposed to custodial credit risk.

The carrying values of the deposits are included in the Governmental Fund Balance Sheet and the Statement of Net Position at September 30, 2020, as listed below:

	<u>Cash</u>
GENERAL FUND	\$ <u>113,717</u>

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Commissioners.

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 4. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District’s investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool and TexPool Prime, external investment pools that are not SEC registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pools. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool and TexPool Prime measures its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool and TexPool Prime at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool and TexPool Prime.

As of September 30, 2020, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
TexPool Prime	\$ 418,998	\$ 418,998
TexPool	245,374	245,374
TOTAL INVESTMENTS	\$ 664,372	\$ 664,372

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At September 30, 2020, the District’s investments in TexPool and TexPool Prime were rated AAAM by Standard and Poor’s.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and TexPool Prime to have a maturity of less than one-year due to the fact that share position can usually be redeemed each day at the discretion of the District unless there has been a significant change in value.

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 5. FIRE PROTECTION SERVICES

On March 1, 2012, the District executed an agreement with the La Vernia Volunteer Fire Department (the “Department”) to provide protection of life and property from fire, hazardous materials incidents, accident, disaster, and other emergencies to the residents of the District. The contract was for a period of one-year effective January 1, 2012. The continuation of the contract from year-to-year was subject to the adoption each year of an operating and capital budget. Under the terms of the contract, the Department agreed to provide firefighting and suppression services to all the residents and commercial interests within the geographic area of the District and those requesting mutual aid.

On November 8, 2016, the residents of Sutherland Springs, Texas, and Kicaster, Texas, voted to approve annexation and incorporation of the respective service areas into the service area of the District. The entities were merged and covered under the agreement between the Department and the District. The District will not use any revenues derived from the Sutherland Springs service area to fund their debt payments. In March 2017, upon expiration of the contract, the District assumed operations of the Department and the two entities merged and the District was renamed Wilson County Emergency Services District No. 1 Fire & Rescue. Completion of the merger took place in October 2017, with the transfer of title of all assets to the District.

NOTE 6. CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended September 30, 2020:

	October 1, 2019	Increases	Decreases	September 30, 2020
Capital Assets Not Being Depreciated				
Land and Land Improvements	\$ 63,230	\$ - 0 -	\$ - 0 -	\$ 63,230
Capital Assets Subject to Depreciation				
Building and Improvements	\$ 1,723,633	\$ 773,587	\$ 85,000	\$ 1,723,633
Equipment and Vehicles	1,658,301	773,587	85,000	2,346,888
Total Capital Assets Subject to Depreciation	\$ 3,381,934	\$ 773,587	\$ 85,000	\$ 4,070,521
Less Accumulated Depreciation				
Building and Improvements	\$ 164,751	\$ 46,958	\$ 53,465	\$ 211,709

NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 7. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 8. FINANCING NOTE AGREEMENTS

On January 30, 2014, the District executed a note with Government Capital Corporation to finance the construction costs of a new fire station and related equipment. The note bears interest at the rate of 4.375% per annum. The District will make 20 annual payments of \$55,921 beginning January 30, 2015 and ending January 30, 2034. The note balance as of fiscal year end is \$938,932.

On October 4, 2019, the District executed a note with Government Capital Corporation to finance a Pierce Velocity Ultimate Configuration Fire Truck in the amount of \$706,382. The note bears interest at the rate of 3.395% per annum. The District will make a down payment of \$150,000 at signing, followed by \$200,000 on February 1, 2020. Following the initial payments, the District will make 9 annual payments of \$55,921 beginning February 15, 2020 and ending February 15, 2028.

The following is a summary of transactions regarding the notes payable for the year ended September 30, 2020:

Note Payable, October 1, 2019	\$	605,672
Add: Note Proceeds - 2019 Pierce Truck		706,382
Less: Principal Retired		<u>(373,122)</u>
Note Payable, September 30, 2020	\$	<u>938,932</u>
Note Payable		
Due Within One Year	\$	65,907
Due After One Year		<u>873,025</u>

NOTE 8. FINANCING NOTE AGREEMENTS (Continued)

As of September 30, 2020, the total debt service requirements on the notes outstanding were as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 65,907	\$ 36,004	\$ 101,911
2022	68,445	33,466	101,911
2023	71,084	30,827	101,911
2024	73,824	28,087	101,911
2025	76,673	25,238	101,911
2026-2030	382,210	81,400	463,610
2031-2034	200,790	22,493	223,283
	<u>\$ 938,932</u>	<u>\$ 257,515</u>	<u>\$ 1,196,448</u>

NOTE 9. INTERLOCAL AGREEMENT WITH WILSON COUNTY

Annually, the District enters into an Interlocal Cooperation Agreement with Wilson County. The District received \$51,000 of financial assistance, to enhance and promote the operation of the District for the safety of the citizens of Wilson County during the current year. The agreement may be terminated by either party with or without cause, upon 60 days written notice and is renewed annually.

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 10. PENSION PLAN

Plan Description

The District provides retirement, disability, and death benefits for all its full-time employees through a non-traditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of non-traditional defined benefit pension plans. TCDRS issues a publicly available comprehensive annual financial report (CAFR) which includes financial statements, notes and required supplementary information which can be obtained at TCDRS, Finance Division, Barton Oaks Plaza IV Suite 500, 901 S. MoPac Expressway, Austin, Texas 78746 or at www.TCDRS.org.

Benefits Provided

Benefit provisions are adopted by the District, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 5 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 5 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the District.

Benefit amounts are determined by the sum of the employee's deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the District within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

At the December 31, 2019 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled but not yet receiving benefits	3
Active employees	13

**WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 10. PENSION PLAN (Continued)

Contributions

The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 1.86% for the months of the 2020 accounting year. The deposit rate payable by the employee members for calendar year 2020 is 4% as adopted by the governing body of the District. The employee deposit rate and the employer contribution rate may be changed by the governing body of the District within the options available in the TCDRS Act.

For the District's accounting year ended September 30, 2020, the annual pension cost for the TCDRS plan for its employees was \$8,769; the actual contributions were \$8,769. The employees contributed \$18,858 to the plan for the 2020 fiscal year.

Actuarial Assumptions

The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumption:

Actuarial Valuation Date	12/31/19
Actuarial Cost Method	Entry Age
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	20.0 years
Asset Valuation Method	5-year smoothed market
Actuarial Assumptions:	
Investment Return ¹	8.00%
Projected Salary Increases ¹	4.90%
Inflation	2.75%
Cost-of-living Adjustments	0.00%

¹ Includes inflation at the stated rate

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 10. PENSION PLAN (Continued)

Actuarial Assumptions (Continued)

The actuarial assumptions that determined the total pension liability as of December 31, 2019 were based on the results of an actuarial experience study for the period January 1, 2013 - December 31, 2016, except where required to be different by GASB 68.

Mortality rates were based on the following:

Depositing members – 90% of the RP-2014 Active Employee Mortality Table for males and the RP-2014 Active Employee Mortality Table for females projected with 110% of the MP-2014 ultimate scale after 2014.

Service retirees, beneficiaries and non-depositing members – 130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 ultimate scale after 2014.

Disabled retirees - 130% of the RP-2014 Disability Annuitant Mortality Table for males and 115% of the RP-2014 Disability Annuitant Mortality Table for females, both projected with 110% of the MP-2014 ultimate scale after 2014.

Discount Rate

The discount rate used to measure the total pension liability was 8.1%. There was no change in the discount rate since the previous year.

In order to determine the discount rate to be used, the actuary used an alternative method to determine the sufficiency of the fiduciary net position in all future years. This alternative method reflects the funding requirements under the funding policy and the legal requirements under the TCDRS Act:

- 1) TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
- 2) Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
- 3) The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
- 4) Any increased cost due to the adoption of a cost-of-living adjustment is required to be funded over a period of 15 years, if applicable.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 10. PENSION PLAN (Continued)

Discount Rate (Continued)

Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses. Therefore, the actuary has used a discount rate of 8.10%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.0%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

Long-Term Expected Rate of Return

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on April 2020 information for a 10-year time horizon.

NOTE 11. SALES AND USE TAX

In accordance with Chapter 775 of the Health and Safety Code, the District is authorized to adopt and impose a sales and use tax if authorized by a majority of the qualified voters of the District. The election to adopt a sales and use tax is governed by the provisions of Subchapter E, Chapter 323 of the Tax Code.

On November 5, 2020, the voters of the District approved the establishment and adoption of a sales and use tax of up to a maximum of one percent. During the current period, the District recorded \$154,839 in sales tax receipts.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
FIRE & RESCUE
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 12. GRANT REVENUES

On December 10, 2019, the District received grant funds in the amount of \$200,000 from the Texas A&M Forest Service to fund a portion of the note with Government Capital Corporation to finance a Pierce Velocity Ultimate Configuration Fire Truck. See Note 8.

On August 18, 2020, The District received grant funds in the amount of \$14,295 from the Texas A&M Forest Service to fund the purchase of personal protection equipment.

NOTE 13. UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. As a result, economic uncertainties have arisen which could have an impact on the operations of the District. The District is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty, as the potential financial impact of this pandemic is unknown at this time.

NOTE 14. ASSIGNMENT OF FUND BALANCE

During the budget process, the District estimates amounts to be transferred into a reserve fund based on estimated revenues. Five percent (5%) of the estimate revenues is to be added to the Emergency (Rainy-Day) reserve and six percent (6%) of the estimate revenues is to be added to Equipment Replacement reserve. The District has established procedures to transfer the reserve funds into separate bank accounts. As of September 30, 2020, the District has assigned \$418,998 of their General Fund fund balance for future emergency and equipment replacements, of which \$114,000 was transferred in the current fiscal year.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
SCHEDULE OF DISTRICT CONTRIBUTIONS
TEXAS COUNTY & DISTRICT RETIREMENT SYSTEM
FOR THE YEAR ENDED SEPTEMBER 30, 2020

Fiscal Year Ending December 31	Actuarially Determined Contribution (1)	Actual Employer Contribution (1)	Contribution Deficiency (Excess)	Pensionable Covered Payroll (2)	Actual Contribution as a Percentage of Covered Payroll
2019	\$ 3,780	\$ 3,780	\$ -0-	\$ 203,225	1.9%
2020	\$ 8,769	\$ 8,769	\$ -0-	\$ 470,450	1.9%

(1) TCDRS calculates actuarially determined contributions on a calendar year basis.

(2) Payroll is calculated based on contributions as reported by TCDRS

See accompanying independent auditor's report.

WILSON COUNTY EMERGENCY SERVICES DISTRICT NO. 1
NOTES TO SCHEDULE OF DISTRICT CONTRIBUTIONS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

Valuation Date: Actuarially determined contribution rates are calculated each December 31, two years prior to the end of the fiscal year in which the contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	20.0 years (based on contribution rate calculated in 12/31/19 valuation)
Asset Valuation Method	5-year, smoothed market
Inflation	2.75%
Salary Increases	Varies by age and service. 4.9% average over career including inflation.
Investment Rate of Return	8.00%, net of administrative and investment expenses, including inflation
Retirement Age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	130% of the MP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP -2014 Healthy Annuitant Mortality Table for females, both projected with 110% of MP-2014 Ultimate scale after 2014.
Change in Assumptions and Methods Reflected in the Schedule of Employer Contributions*	2015: New Inflation, mortality and other assumptions were reflected. 2017: New mortality assumptions were reflected.
Changes in Plan Provisions Reflected in the Schedule of Employer Contributions*	2015: No changes in plan provisions were reflected in the Schedule. 2016: No changes in plan provisions were reflected in the Schedule. 2017: No changes in plan provisions were reflected in the Schedule. 2018: No Changes in plan provisions were reflected in the Schedule. 2019: No Changes in plan provisions were reflected in the Schedule.

See accompanying independent auditor's report.

FIRE & RESCUE
BOARD OF COMMISSIONERS AND CONSULTANTS
SEPTEMBER 30, 2020**

District Mailing Address - Wilson County Emergency Services District No. 1
Fire & Rescue
P.O. Box 55
La Vernia, Texas 78121-4757

District Telephone Number - (512) 338-5322

<u>Commissioners</u>	<u>Term of Office (Appointed – Elected)</u>	<u>Fees of Office for the year ended September 30, 2020</u>	<u>Expense Reimbursements for the year ended September 30, 2020</u>	<u>Title</u>
Quinten Kiolbassa	01/19 – 12/20 (Appointed)	\$ -0-	\$ -0-	President
George Jones	01/20 – 12/21 (Appointed)	\$ -0-	\$ -0-	Vice President
Michael Trainer	01/20 – 12/22 (Appointed)	\$ -0-	\$ -0-	Treasurer
Jim Burdette	01/19 – 12/20 (Appointed)	\$ -0-	\$ -0-	Secretary
Bill Mainz	01/19 – 12/20 (Appointed)	\$ -0-	\$ -0-	Assistant Treasurer

The limit of fees of office that a Commissioner may receive during a year is set by the Health and Safety Code-Chapter 775. A Commissioner is entitled to receive compensation in the same manner and amount as are provided by Section 49.060 of the Texas Water Code, currently \$7,200 per fiscal year. Fees of office and expense reimbursements are the amounts actually paid to a Commissioner during the District’s current fiscal year.

See accompanying independent auditor’s report.
